World-Wide Audit Support for AIAG CQI, VDA 6.3, SAQ 5.0, and IATF Audits

Driving Automotive Excellence and Sustainability Worldwide

reliable. flexible. competent. uncomplicated.

TopQM-Systems is license partner of :

We are your experts for:

- **VDA 6.3 Audits** (P1 Potential Analysis, P2-P7 New Series Projects and Series Processes)
- **AIAG CQI Audits** (Special Processes)
- **Cleanliness Audits** (according to VDA 19.1, VDA 19.2, ISO 16232)
- **Sustainability Audits** (SAQ 5.0, ESG, Sub-supplier Management, Code of Conduct, Compliance Guidelines)
- **Logistics Audits** (VDA 6.2, Global MMOG Logistics Evaluation)

on-site in
Asia-Pacific / Europe / North America.

Use our TopQM-Systems qualified team of auditors on site in Asia and save your time, effort and travel costs. We are your eyes and ears on-site at always at the "highest level".

We take over the complete project planning for you:

- **Audit Preparation / Kickoff** via TEAMS
- **Coordination** with your locations or suppliers in the local language and English
- **TopQM qualified lead auditors:** selection and capacity planning
- **Audit agenda, scheduling**
- **Conducting the audit**
- **Audit reporting** with audit deviations
- **Plausibility check** and release of the action plan (OPT1)
- **OPL Tracking** and final **Validation audit** (OPT2)

Well-known OEM/Tier-n customers as well as NON-Automotive customers are very happy to use our professional supplier support, see [Automotive Audits \(www.topqm.de/en\)](http://www.topqm.de/en) for further details.

We would also be happy to support you with on-site supplier support, e.g.

- Project monitoring
- New series launches
- Supplier qualification, QM system, automotive core tools
- Change management
- Complaints processing 8D
- Process approvals
- Sustainability requirements....etc.
